- Selected parts upgraded to Texas Components TX2575 naked Z-Foil resistors that are AVO Deep-Cryo treated (16 in MC version / 14 in MM version)
 - 47k Ω input load resistors for MM version input
 - appropriate input load resistors for MC version (dependent on cartridge)
- WBT Nextgen RCA sockets when RCA input is required (Deep-Cryo treated)
- Deep-Cryo treatment for BNC sockets, DIN sockets, and ground terminal
- 3-day burn-in with bench and listening tests
- AV Options Certificate included
- Includes Two Year Parts & Labor Service Warranty *
- Optional brand new Naim Factory carton-packing \$95

** Normal use: We reserve the right to void our guarantee if we find modifications, or if the equipment has been used outside the limitations specified by Naim or AV Options*

For Z-upgrade to Stageline already owned:

AVO Stageline-Z Ultimate Upgrade – BNC input version: \$1099

AVO Stageline-Z Ultimate Upgrade – WBT RCA input version: \$1199

For a Z-Upgrade to a new Stageline (\$799 list) purchased from AV Options - combo pricing:

New Stageline with AVO Stageline-Z Ultimate Upgrade – BNC input version: \$1708

New Stageline with AVO Stageline-Z Ultimate Upgrade – WBT RCA input version: \$1798

Powering options for Stageline

Powered DIN input on Naim preamp or integrated amp:

- NAC 52, NAC 82, NAC 202, NAC 282, NAC 252, NAC 552
- NAC 112, NAC 112X, NAC 122X, NAC 152 XS
- NAIT5, NAIT XS (all versions), Supernait (all versions)

Separate Naim power supply:

- Flatcap (all versions), HiCap (all versions), Supercap (all versions)

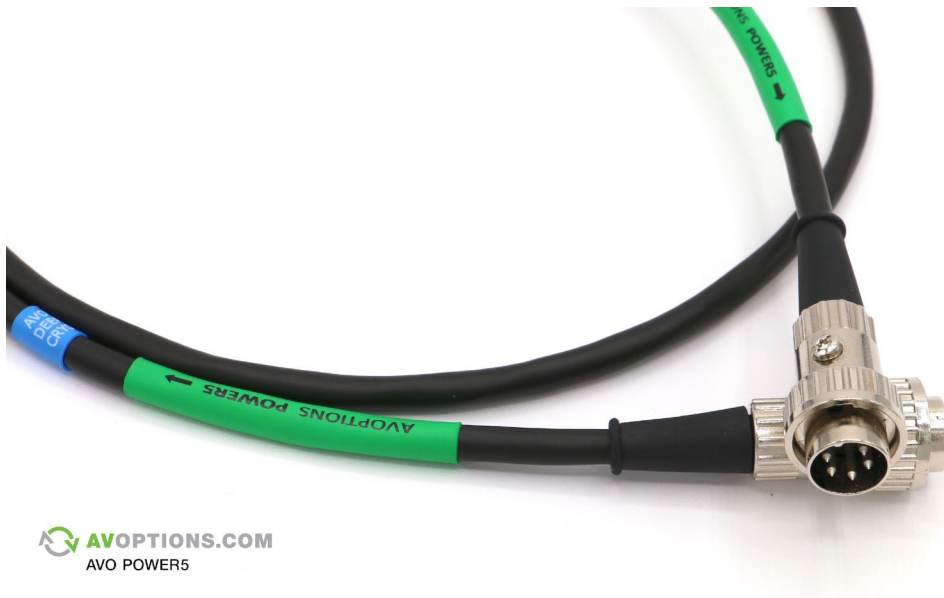

NOTE: Any version of a HiCap or Supercap must only be used to power one Naim component at a time. In this case the Stageline only

Recommended System Upgrades:

- AVO POWER5 cable (1.23m) - \$1699 retail
With 30% discount when added to Z-Upgrade - \$1189

Replaces Naim SNAIC5 between Stageline and its power source

If a new Stageline is purchased from us and Z-Upgraded – the POWER5 would replace the SNAIC5 it comes with. The POWER5 price will then be further reduced to \$989

- AVO SIGNAL DIN4-5 cable (1.23m) - \$1699 retail
With 30% discount when added to Z-Upgrade - \$1189

For connecting DIN4 output on Naim Flatcap, Hicap, or Supercap to DIN5 input on a Naim preamp or integrated amp

 **AVOOPTIONS.COM**
AVO SIGNAL DIN4-5

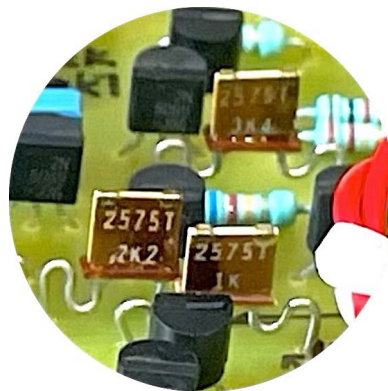

- AVO SIGNAL DIN4-2RCA cable (1m) - \$1699 retail
With 30% discount when added to Z-Upgrade - \$1189

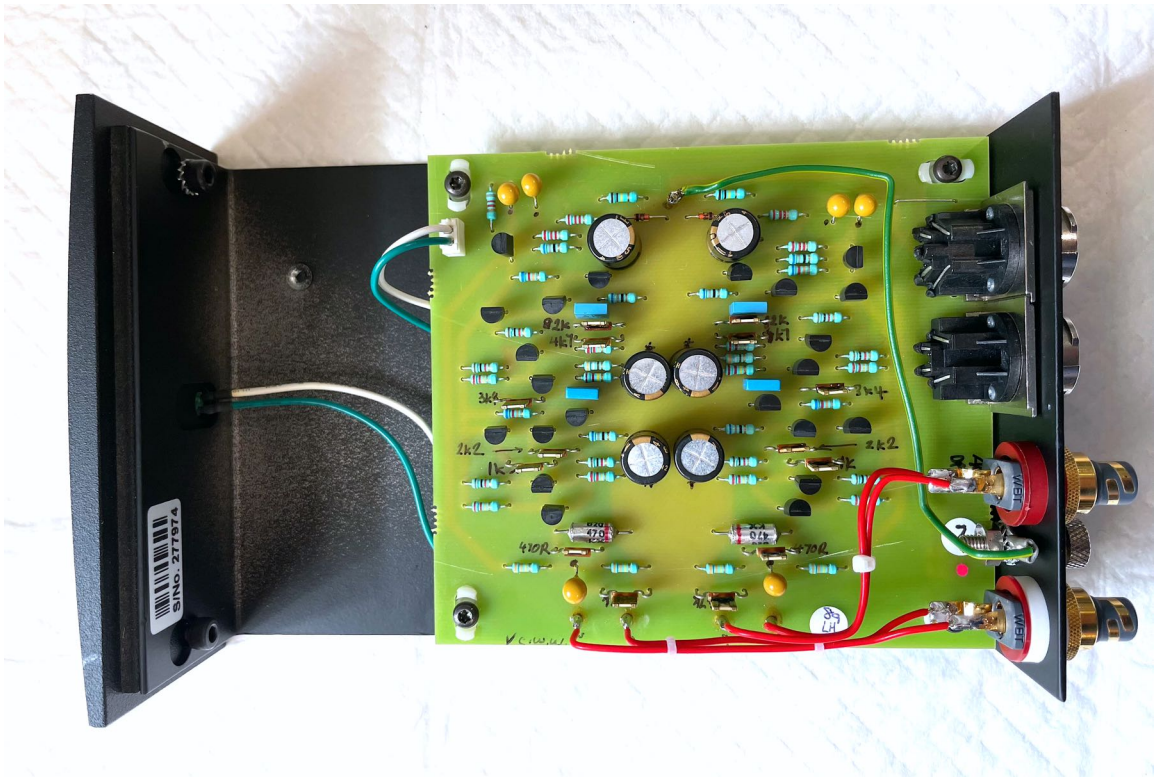

For Naim Flatcap, Hicap, or Supercap DIN4 output to any preamp with RCA line inputs

Stageline-Z (MM version)

Texas Components TX2575 naked Z-Foil resistors

Stageline-Z specifications:

Moving Magnet version:

Input sensitivity 2.5mV / Cartridge load 47 K ohms

Moving Coil version

“S” Input sensitivity 100 uV / Cartridge load 470 ohms

“K” Input sensitivity 100 uV / Cartridge load 560 ohms

Alternative load resistance can be fitted for a specific cartridge

Input socket option

- WBT Nextgen RCA
- BNC (for tonearm cables with BNC plugs – e.g. Naim ARO)
